

Cleaning Agents Overview

Cleaner Spray S

- cleaner and degreaser for all metals, glass, ceramic and many plastics
- evaporates without leaving residues

Strong Cleaners

Sealant and Adhesive Remover

- for metal, wood, glass, ceramic, polyethylene and polypropylene
- reliably removes carbon accumulations, paints and varnishes as well as oils, resins, greases and tar
- removes adhesive residues of all kinds, even cured cyanoacrylates and anaerobic adhesives

Surface Cleaner

- for cleaning and degreasing surfaces, such as metal, glass, ceramic and most plastics
- for the pretreatment of bonding surfaces
- evaporates without leaving residues

Plastic Cleaner

- cleaner and degreaser for sensitive surfaces
- evaporates without leaving residues

Parts and Assembly Cleaner

- specially developed cleaner with high flash point ($>+60^{\circ}\text{C}$) of the active ingredient
- long reaction time for the removal of coarse, oily, resinous and greasy soilings

Citrus Cleaner

- universal cleaner based on citrus peel extracts
- easily removes adhesive residues, oil, grease, resin and tar soilings, lubricants, as well as rubber residues and rubber abrasion. (also suitable for removing stains caused by pencils, pens, felt-tip pens and permanent markers)

Fast Cleaner

- cleaner and degreaser for sensitive areas
- NSF-A1 registration for the food sector
- pH-neutral and material-friendly
- optimised to increase workplace safety

Metal-Fluid

- care, protection and cleaning of matt and polished metal surfaces
- also protects and cleans ceramic, wood, glass and plastics
- NSF-A7, C1 registration for the food sector

Multi-Foam

- strong universal cleaner for residue-free cleaning
- ecologically neutral, biodegradable, phosphate- and formaldehyde-free and free from corrosive and caustic additives

Gentle Cleaners

Foam Cleaner

- for cleaning and degreasing water-resistant surfaces and for removing stains on plastic, glass and textile surfaces
- NSF-A1 registration for the food sector
- optimised to increase workplace safety

Special Cleaners

Screen Cleaner

- for the cleaning and maintenance of sensitive plastic and glass surfaces
- gentle and streak-free
- antistatic and anti-reflective

Visor Cleaner

- special cleaner based on highly active organic solvents
- for the cleaning and maintenance of sensitive plastic and glass surfaces
- removes soilings caused by insects, dirt, dust, grease and nicotine

Electro Contact Cleaner

- special cleaner for the fast and effective cleaning and degreasing of soiled or corroded contacts
- removes oxide/ sulphide layers, combustion residues as well as resinous or sooty dust accumulations
- reduces voltage drop and increases electrical conductivity

Mould Cleaner

- special cleaner based on highly active organic solvents
- effectively removes waxes, silicones, oils, non-cured PUR residues and other soilings

Burner Cleaner

- especially for removing different kinds of soilings from burner parts
- Burner Cleaner can be used on blast connections and baffle plates, on fan wheels and inner housings, on ignition electrodes etc.

Brake Cleaner

- universal cleaner for the motor vehicle sector
- cleans metals, glass and many plastics fast and easily
- removes oily and greasy soilings and residues
