

Contact Spray

Dispels moisture | prevents leakage currents

WEICON Contact Spray is based on a special combination of active ingredients for the protection and care of electrical contacts and components.

It dispels moisture from electrical contacts, prevents leakage currents and voltage loss and keeps contacts, fuses, cable connections, etc. free of oxidation and sulphide layers.

Therefore, WEICON Contact Spray can be used e.g. for fuse boxes, intercoms, garage door motors, sockets, cables and connectors, cable drums and extensions, electric garden tools and lighting systems.

Technical data

Odour	solvent
Colour	transparent
Specific properties	repels moisture, preserves electrical contacts
Silicone-free	yes
Temperature resistance	-17°C to +120°C
Shelf life	24 mon.

Approvals / Guidelines

ISSA Code	53.402.28
IMPA Code	450843

Processing

Only use on units when they are switched off and have cooled down (pull out the mains plug). Shake can before use. Do not use on current-carrying devices. Spray on generously at a distance of approx. 5 cm and allow to take effect for approx. 30 seconds. Remove excess active ingredient with a lint-free cloth.

Storage

Pressurized container. Protect from direct sunlight and temperatures above +50°C.

Instructions for use

When using WEICON products, the physical, safety-related, toxicological and ecological data and regulations in our EC safety data sheets (www.weicon.com) must be observed.

Available sizes

10026740 Contact Spray, 400 ml, transparent
