Alu Grinding Protection

Effective with all abrasives | silicone-free

WEICON Alu Grinding Protection works like a cooling lubricant and separating agent during the grinding process. It lowers the temperature at the contact point and forms a silicone-free anti-adhesive layer on the abrasive material. The use of Alu Grinding Protection prevents clogging and the pores of the grinding material remain open. Alu Grinding Protection greatly increases the tool life of an abrasive disc and the grinding performance can be increased by up to 350%. WEICON Alu Grinding Protection can be used on all abrasive materials, on foundations such as fiber wheels, sheeting, endless grinding belts, sleeves, orbital sanders, and special machines.

Technical data

Odour		solvent
Colour		transparent
Silicone-free		yes
Minimum shelf life	at room temperature	24 mon.
Temperature resistance		-20°C to +130°C
Compatible with Double Nozzle		yes

Application

Spray the part to be cleaned generously and allow product to take effect;wipe with a clean cloth, if required. Repeat, if necessary. Protect plastic and varnished surfaces.

Storage

Container is pressurised. Protect from direct sunlight and temperatures above +50 °C.

Instructions for use

When using WEICON products, the physical, safety-related, toxicological and ecological data and regulations in our EC safety data sheets (www.weicon.com) must be observed.

Available sizes

10018628 Alu Grinding Protection, 400 ml, transparent
10059941 Alu Grinding Protection, 400 ml, transparent
