Grease Sprays

Spray-on Grease H1

High-temperature grease | NSF approval

WEICON Spray-on Grease H1 is an odourless and tasteless grease that has been specially formulated to meet the requirements of the food, cosmetics and pharmaceuticals industry. It is high-temperature-resistant and has an NSF registration. Spray-on Grease H1 is particularly suited for servicing and maintenance in breweries and in the beverage industry, in industrial slaughterhouses, canneries, coffeeroasting establishments, industrial kitchens, swimming pools, hotels, hospitals and wherever direct contact with food cannot be avoided.

Technische Daten

Base	Aluminum complex soap
Odour	nearly odourless
Colour	yellow-white
Specific properties	odourless and tasteless high-temperature grease
Silicone-free	yes
Kinematic viscosity (40°C)	400 mm ² /s
Kinematic viscosity (100°C)	40 mm²/s
Temperature resistance	-40 °C to +160 °C
Shelf life	24 mon.

Processing

Clean surfaces. For a better spray function, warm the product up to room temperature. Shake can before use until mixing pea is audible. Spray on from a distance of approx. 15 cm.

Storage

Pressurized container. Protect from direct sunlight and temperatures above +50°C.

Instructions for use

When using WEICON products, the physical, safety-related, toxicological and ecological data and regulations in our EC safety data sheets (www.weicon.com) must be observed.

Available sizes

10021359	Spray-on Grease H1, 400 ml, yellow-white
10059945	Spray-on Grease H1, 400 ml, yellow-white
10059950	Spray-on Grease H1, 400 ml, yellow-white
10060504	Spray-on Grease H1, 400 ml, yellow-white

The specifications and recommendations given in this technical data sheet must not be seen as guaranteed product characteristics. They are based on our laboratory tests and on practical experience. Since individual application conditions are beyond our knowledge, control and responsibility, this information is provided without any obligation. We do guarantee the continuously high quality of our products. However, own adequate laboratory and practical tests to find out if the product in question meets the requested properties are recommended. A claim cannot be derived from them. The user bears the requested properties are recommended. A claim cannot be derived from them.
