

# Compressed-Air Spray

## Universal use | fast and reliable

WEICON Compressed-Air Spray can be used wherever dust cannot be easily removed by conventional methods and on parts which are difficult to reach. It allows dry and contact-free cleaning of inaccessible corners and sensitive surfaces. Compressed-Air Spray can be used on HiFi and video devices (e.g. modules, circuit boards, magnetic heads, hard drives etc.), in optics (e.g. on cameras, objectives, lenses), on car fuse boxes and wiper units, on clockworks (quartz clocks), in medical technology, model making, measurement technology, on electronic components and circuit boards.

### Technical data

Odour	nearly odourless
Specific properties	non-contact cleaning
Silicone-free	yes
Minimum shelf life	at room temperature 24 mon.

### Approvals / Guidelines

ISSA Code	53.402.05
IMPA Code	450805
MIL-Spec	complies with A-A-59281

## Application

Be sure to hold the can vertically, do not shake it. Operate the spray head at short intervals as required. When used on electrical equipment, ensure good ventilation before switching the device back on to avoid possible deflagration of gas nests caused by switching sparks.

## Storage

Container is pressurised. Protect from direct sunlight and temperatures above +50 °C.

## Instructions for use

When using WEICON products, the physical, safety-related, toxicological and ecological data and regulations in our EC safety data sheets ([www.weicon.com](http://www.weicon.com)) must be observed.

## Available sizes

10011614 Compressed-Air Spray, 400 ml
