Starter Spray

For all combustion engines

WEICON Starter Spray is suitable for the easy and safe starting of combustion engines. The safe cold starting of all engines is made possible by a special combination of ingredients. Starter Spray is ideal at low temperatures, in damp weather or after longer engine downtimes. That way, it protects both the engine and the battery. WEICON Starter Spray is suited for both diesel and petrol engines. With or without a catalytic converter, whether a motor vehicle, construction machinery, agricultural machinery, chain saws, lawn mowers, boat engines, motorcycles or scooters.

Technical data

Odour		solvent
Colour		transparent
Specific properties		for both diesel and petrol engines
Silicone-free		yes
Minimum shelf life	at room temperature	24 mon.
Compatible with Double Nozzle		yes

Application

Shake can before use. Spray the spray directly into the air intake or the air filter housing and start after a short moment with little gas. Pulling the starter valve, the so-called "choke", is not necessary when using the WEICON Spray.

Storage

Container is pressurised. Protect from direct sunlight and temperatures above +50 °C.

Instructions for use

When using WEICON products, the physical, safety-related, toxicological and ecological data and regulations in our EC safety data sheets (www.weicon.com) must be observed.

Available sizes

10030465 Starter Spray, 400 ml, transparent
