

Cleaners and Degreasers

Workshop Cleaner

Free of solvents and phosphate | DIN EN 1276 and 1650 bio-degradable

WEICON Workshop Cleaner cleans and degreases all metals, plastics, types of rubber, glass, ceramics and wood. Powerfully removes grease, oil, resin, soot, wax, nicotine, insect dirt, bitumen and tar splashes. Workshop Cleaner is free of solvent, emulsifier and phosphate compatible with oil separators (ÖNORM B 5105) and, in accordance with EC-guidelines, bio-degradable. It is highly concentrated and can be diluted with water on a ratio of 1:40 (max). It contains selected foamless tensides and, in addition to manual cleaning, can be used in high-pressure cleaners, part washing machines and spray apparatuses (e.g. Pump Dispenser WPS 1500).

Characteristics

Specific properties	solvent-free, compatible with oil separators, biodegradable
Colour	blue
Odour	nearly odourless
suitable for processing with	WPS 1500
Minimum shelf life at room temperature	24 mon.

Thermal parameters

Temperature resistance	+5 °C to +90 °C
------------------------	-----------------

Chemical properties

AOX-free	yes
----------	-----

Approvals / Guidelines

ISSA Code	53.402.36/37/38
IMPA Code	551577/78/79

Mixing ratios

Aluminium parts	1:40
Inspection pits	1:10
Grease, soot, bitumen and tar splashes	undiluted
Chromium, stainless steel and plastic	1:30
Diesel residue	undiluted
Insect dirt	1:10
Industrial floors, forklift trucks	1:30
Hard floors	1:10
Lorries (also tarred canvases)	1:10
Machines, engines, oil/oil residues	1:10
Repair parts	1:40
Steel degreasing	1:20
Workshop equipment	1:30
Machine tools	1:30

Processing

Apply Workshop Cleaner generously to the parts to be cleaned, allow to react and wipe off with a clean cloth. Repeat, if necessary. The cleaning process can be shortened by heating the product (max. +90°C). This makes it easier to remove particularly coarse soiling. Do not apply undiluted to aluminium or zinc coatings (alkaline, pH value concentrated approx. 12). Protect from frost.

Storage

Keep tightly closed in original packaging. Protect from direct sunlight. The storage temperature must not exceed +50 °C. Keep container in a cool, well-ventilated place. Store in a dry place.

Instructions for use

When using WEICON products, the physical, safety-related, toxicological and ecological data and regulations in our EC safety data sheets (www.weicon.com) must be observed.

Accessories

10000393	Adapter for WSD 400, 1 PCE
10009303	Spray Set for WSD 400, 1 PCE
10009301	WSD 400 Pressurized-Air Spray Can, 1 PCE
10000398	Adjusting Valve for cans, 1 PCE
10016002	Pump Dispenser WPS 1500, 1 PCE
10016213	Extension tube for WPS 1500, 1 PCE
10000402	Pump Dispenser Special, 1 PCE

Available sizes

10016800	Workshop Cleaner, 5 L, blue
10016798	Workshop Cleaner, 10 L, blue
10016977	Workshop Cleaner, 500 ml, blue
10053463	Workshop Cleaner, 28 L, blue
10028258	Workshop Cleaner, 1 L, blue
