Smoke Detector Test Spray non-flammable

non-flammable | silicone-free | residue-free evaporation

The test spray is ideal to quickly and reliably test the functionality of optical or photoelectric smoke detectors. The use of the non-flammable test aerosol does not soil the smoke detectors, as the spray evaporates completely without leaving any residue. WEICON Smoke Detector Test Spray non-flammable is very easy to apply and can be used wherever photoelectric smoke detectors are installed – for example in the shipping industry, in industrial plants, public institutions or private households.

Technical data

Odour		Alcohol
Specific properties		Non-flammable, evaporates without residue
Silicone-free		yes
Minimum shelf life	at room temperature	24 mon.
Compatible with Double Nozzle		no

Approvals / Guidelines

IMPA Code		331077
MIL-Spec	complies with	-

Application

Shake can well before use and spray the test spray from a distance of approx. 30 cm for up to five seconds into the direction of the smoke detector. If there is no reaction, the test must be repeated. If there is still no reaction after several tests, the smoke detector is defective and must be replaced.

Storage

Container is pressurised. Protect from direct sunlight and temperatures above +50 °C.

Instructions for use

When using WEICON products, the physical, safety-related, toxicological and ecological data and regulations in our EC safety data sheets (www.weicon.com) must be observed.

Available sizes

10060627 Smoke Detector Test Spray non-flammable, 250 ml, colourless, transparent

Conversion table

(°C x 1.8) + 32 = °F	Nm x 8.851 = lb·in
mm/25.4 = inch	Nm x 0.738 = lb·ft
µm/25.4 = mil	Nm x 141.62 = oz·in
N x 0.225 = lb	mPa·s = cP
N/mm^2 x 145 = psi	N/cm x 0.571 = lb/in
MPa x 145 = psi	kV/mm x 25.4 = V/mil

Note
The specifications and recommendations given in this technical data sheet must not be seen as guaranteed product characteristics. They are based on our laboratory tests and on practical experience. Since individual application conditions are beyond our knowledge, control and responsibility, this information is provided without any obligation. We do guarantee the continuously high quality of our products. However, own adequate laboratory and practical tests to find out if the product in question meets the requested properties are recommended. A claim cannot be derived from them. The user bears the only responsibility for non-appropriate or other than specified applications.
