Technical Sprays and Technical Liquids

Technical sprays and liquid substances are used in almost all areas of industry. They are used for the care and protection of

surfaces, for cleaning and degreasing, lubricating, releasing and separating and are an indispensable part of daily work.

Cleaner Spray S

- powerful
- evaporates without residues
- not regreasing

500 ml ✓ 11202500
5 L ✓ 15200005

Surface Cleaner

- for pretreatment of bonding surfaces
- evaporates quickly without residues
- for metal and plastic

400 ml ✓ 11207400
5 L ✓ 15207005

Multi Foam

- powerful universal cleaner for residue-free cleaning
- cleans the most diverse types of surfaces such as metal, plastic, glass, ceramics or lacquered and coated surfaces

400 ml ✓ 11200400

WSD 400 Pressurized-Air Spray Can

- refillable
- made of aluminium
- container volume of 400 ml

400 ml ✓ 15811400

Citrus Cleaner

- universal cleaner based on citrus peel extracts
- cleans machines and systems, precision engineering components and precision mechanisms

400 ml ✓ 11217400
5 L ✓ 15210005

Plastic Cleaner

- ideal for cleaning sensitive surfaces
- neutral to materials
- evaporates without leaving residues

500 ml ✓ 11204500

Workshop-Cleaner

- bio-degradable
- temporary corrosion protection
- free of solvents and dilutable with water (1:40 max.)

500 ml ✓ 15205500
5 l ✓ 15205005

Screen Cleaner

- gentle
- without leaving residues
- antistatic effect
- dust-rejecting surface

400 ml ✓ 11208200

Sealant and Adhesive Remover

- removes residues of hardened sealants and adhesives as well as lacquers and paints
- can be used on metal, wood, glass, ceramics, polyethylene and polypropylene

400 ml ✓ 11202400

WEICON Solutions for Facility Management

Technical Sprays and Technical Liquids

Double Nozzle | Only for the 500 ml product

W 44 T® Multi-Spray

- lubricates mechanical precision devices
- dispels moisture
- protects against corrosion

400 ml ✓
11251400

500 ml ✓
11251550

5 L ✓
15251005

Electro Contact Cleaner

- increases electrical conductivity
- reduces the loss of voltage

400 ml ✓
11210400

5 L ✓
15212005

Contact Spray

- protection and care of electrical contacts and components
- keeps contacts, fuses and cable connections free of oxidation

400 ml ✓
11152400

Pump Dispenser WPS 1500

Pump-Dispenser WPS 1500 with EPDM-seals
15841500

Refillable plastic sprayer with special seals for approx. 1.300 ml Technical Liquid.

Pump-Dispenser WPS 1500 with VITON-seals
15841500-V

Refillable plastic sprayer with VITON seal set especially for WEICON Rust Loosener, WEICON W44T and WEICON AT44

Extension piece 30cm with nozzle
15841501

Stainless Steel Care Spray

- neutral pH
- for brushed and polished stainless-steel surfaces, also outdoors

400 ml ✓
11590400

5 L ✓
15590005

Metal-Fluid

- for matt and polished surfaces
- for stainless steel, ceramic, glass, plastic and wood

400 ml ✓
11580400

5 L ✓
15580005

Pneuma-Lube

- lubricant for pneumatic equipment
- excellent weathering resistance
- high content of PTFE

400 ml ✓
11260400

1 L ✓
15260001

Isolation-Spray

- dielectric Strength
- Resistant
- Crystal clear

400 ml ✓
11551400

Technical Sprays and Technical Liquids

Zinc Spray bright grade

- long-term cathodic corrosion protection
- bright colour shade matching hot-dip galvanization
- >550 hours salt spray test according to DIN EN ISO 9227

400 ml ✓
11001400

Stainless Steel Spray bright grade

- with non-corrosive stainless steel pigments
- provides a stainless steel look
- temperature-resistant from -50°C to +300°C (-58°F to +572°F)

400 ml ✓
11104400

Brass Spray

- high-grade
- effective

400 ml ✓
11102400

Copper Spray

- high-grade
- effective

400 ml ✓
11101400

Rust Loosener-Fluid

- penetrates into the smallest cavities
- secures the function of mechanical parts and electrical contacts
- protects against corrosion and oxidation

400 ml ✓
11154400

Rust Shock

- the chemical wrench
- free of mineral oil, grease and silicone
- loosens threaded joints within a very short time

400 ml ✓
11151400

Rust Converter

- rust converter and base coat in one process
- protects from corrosion and is suitable for internal and external use

400 ml ✓
11155400

5 l ✓
15152005

Rust Protection 2000 PLUS

- high corrosion and weathering resistance

400 ml ✓

Elastic Adhesives and Sealants

Elastic adhesives and sealants are used today in many areas of industrial production and assembly. They combine the advantages of adhesive bonding and sealing technology and are used wherever

the elasticity and the sealing of a joint are the most important requirements.

Speed-Flex®

- replaces traditional fixings
- high initial strength; also suitable for vertical surfaces
- for in- and outside applications
- ISEGA approval

Thread Sealing Cord DF 175

WEICON DF 175 is a patented thread sealing cord made of 100% PTFE. It permanently and securely seals almost all metal and plastic threads. WEICON DF 175 reliably compensates the space on threads and forms a PTFE film in the required thickness when connecting screws.

- immediate sealing, temperature range -200°C to +240°C (-328 to +464°F)
- drinking water approvals according to NSF, WRAS
- UL-tested
- 100% PTFE solid, silicone-free

175 m dispenser

Assembly Pastes

All kinds of influencing factors, e.g. moisture, temperature or friction, repeatedly lead to corrosion damage, seizure and wear on machines and installations.

Extensive repair and maintenance work at considerable costs are the consequence. Especially under extreme conditions of application, e.g.

- high operation temperatures
- high pressure loads
- outdoor weather conditions

such consequences frequently occur.

Anti-Seize

- long-lasting protection against corrosion, seizure and wear
- high-temperature-resistant up to +1.200°C (+2192°F)

WEICON TOOLS®

No. 1 in Form & Funktion

Since 1967 we develop, produce and distribute an extensive range of wire stripping tools. This includes cable strippers, wire strippers, dismantling and multi-functional tools. Our tools have been developed for accurate, fast and safe stripping of all common cable

types. They carry the GS seal of TÜV Nord and were developed under the aspects of work safety. The tools are specifically tailored to the needs of professional users, are found in both, crafts and industrial use and are also suitable for domestic use.

Wire Stripper No. 5

- for finely stranded and solid conductors with PVC insulation
- for all common conductors from 0,2 - 6 mm² (24 - 10 AWG)

51000005

Cable Stripper No. S 4-28 Multi

- stripping function integrated in the housing
- wire stripping of all common round cables of 0,5 and 6 mm²

50057328

Multi-Stripper No. 400

- circular cutting - longitudinal cutting
- stripping - cutting
- flush stripping, even in hard-to-reach areas
- safe and space-saving storage with closing clip

51000400

Cable Scissors No. 35

- cutting - stripping - crimping
- 2-component handles for increased safety
- high cutting performance
- blades made of special stainless steel

52000035

inkl. Safetybox with belt clip

Cu/Al <math><35\text{ mm}^2</math>

Cu/Al <math><50\text{ mm}^2</math>

Wire Stripper No. 7 Magic

- for finely stranded and solid conductors with PVC insulation
- for all common round cables from 0,5 - 16 mm² (20 - 6 AWG flexible) (20 - 8 AWG massive)

51000007

Multi-Opener

The ideal tool for the gently opening of sensitive equipment and dismantling of clipped housings

- no scratching of sensitive surfaces
- conductive ESD material protects against electrostatic discharge
- flexible fibreglass-reinforced polyamide

52800000

Starter-Set Pro

- Wire Stripper No. 5
- Coax-Stripper No. 2
- Cable Stripper No. S 4-28
- Round Cable Stripper No. 13

52880001

WEICON Solutions for Facility Management

Coax-Stripper No. 1 F Plus

Quick dismantling and stripping of coaxial cables in one single step

Integrated hexagon wrench (SW 11mm) for screwing F-connectors onto the cable, as well as for mounting or loosening the F-connector.

- stripping of all common coaxial cables (double cut) in just one single step
- gripping jaws for screwing F-connectors on the cable
- space saving mounting or dismantling of F-connectors by integrated open hexagon with 11 mm wrench size (SW 11)
- stripping without adjusting the blades with length stop for all common F-connectors (6/4 mm)
- changeable module inserts with click system

- suitable for e.g. TV antenna cable RG58, RG59
- lightweight and robust (fiberglass reinforced polyamide)
- optional: knife inserts for stripping to other defined clearances available (e.g. compression connectors: 6.5/ 6.5mm)

↔ mm	g		Ømm	Art.-No.
