

Dosing and Processing Tools

Dispenser Easy-Mix D 50

Fast material application | economical consumption | reliable processing of Easy-Mix adhesives

The WEICON Dispenser Easy-Mix D 50 is very robust, break-proof, and made of fibreglass-reinforced plastic (polyamide). The dispenser is equipped with a metal transport lever. The modern mixing and dosing system allows for precise automatic dosing, mixing and application of the Easy-Mix types in just one single step. This ensures consistent quality within serial production as well as process reliability. Suitable for all Easy-Mix types except PE-PP (10663038 Dispenser PE-PP).

Characteristics

Minimum shelf life	at room temperature	∞ mon.
--------------------	---------------------	--------

Instructions for use

When using WEICON products, the physical, safety-related, toxicological and ecological data and regulations in our EC safety data sheets (www.weicon.com) must be observed.

Application

Clean the bonding surfaces (e.g. with WEICON Surface Cleaner). WEICON Easy-Mix products can be processed straight from the double cartridge by means of the included static mixer. Dismiss the first 5 cm of the adhesive bead. Apply to one side only.
