

# Stripping Tools

## Stripper No.2 Cat

WEICON Stripping Tools enable the fast and safe stripping of all common round cables. The product range of stripping tools includes different types, which provide easy handling and accurate results.

The Stripper No. 2 Cat ensures the safe and convenient stripping of all insulated PVC data cables (e.g. Cat5, Cat6, Cat7, twisted-pair cables) with a diameter of 4.5 - 10 mm. Adjusting the cutting depth manually is not necessary. The precise adjustment of the blade removes the outer jacket accurately. With the second blade, the foil shield is slit open carefully and can then be easily removed.

### Technical Data

|                        |                                                    |
|------------------------|----------------------------------------------------|
| Cable type             | Cat5, Cat6, Cat7, Twisted-Pair-Cable               |
| Application area       | PVC data cables outer diameter 4.5 - 10 mm         |
| Material               | fibreglass-reinforced polyamide                    |
| Inner blade            | built-in, not replaceable                          |
| Additional value       | Length scale (0 - 25 mm) integrated in the housing |
| Approval / certificate | Safety tested by TÜV NORD                          |
| Weight                 | 28 g                                               |
| Length                 | 115 mm                                             |
| Article number         | 52002002                                           |

Attention:  
Tool not to be used on live cables or conductors.
