

Easy Opener®

The Easy Opener® belongs to the range of special tools and is the ideal DIY tool for opening e.g. sensitive clipped components gently without damaging adjacent sensitive surfaces.

The Easy Opener is a special lever tool for gentle disassembly of sensitive devices and for working on clipped housings. The Easy Opener is manufactured entirely in Germany and is made of glass-fibre reinforced polyamide. The material is flexible and stable at the same time and is therefore ideally suited for various applications, e.g. for releasing switches, lights or similar elements. The tool is used to open housing parts without scratching the sensitive surfaces. Three lever surfaces with different material thicknesses are provided for this purpose.

Technical Data

Application area	gentle opening with scratching the surfaces
Material	fibreglass-reinforced polyamide
Lever surface	Three lever surfaces with different material thicknesses
Weight	22 g
Length	180 mm
Article number	MA52800001

Attention:
Tool not to be used on live cables or conductors.
