DNV local unit: **Essen**

Approval Engineer: **Joachim Rehbein**

Thorsten Lohmann
Head of Section

This Certificate is subject to terms and conditions overleaf. Any significant change in design or construction may render this Certificate invalid. The validity date relates to the Type Approval Certificate and not to the approval of equipment/systems installed.

LEGAL DISCLAIMER: Unless otherwise stated in the applicable contract with the holder of this document, or following from mandatory law, the liability of DNV AS, its parent companies and their subsidiaries as well as their officers, directors and employees ("DNV") arising from or in connection with the services rendered for the purpose of the issuance of this document or reliance thereon, whether in contract or in tort (including negligence), shall be limited to direct losses and under any circumstance be limited to 300,000 USD.

Product description

Weicon Plastic Steel A: 2 - component epoxy resin system with filler

Application/Limitation

Repair activities for components which affect or might affect the Class of the ship, have to be reported in advance to DNV.

Installation only in accordance with DNV rules and work instruction of manufacturer.

Without further tests the maximum working temperature is restricted to 65°C.

An adequate curing shall be proven by a Shore D test. A hardness of 80 shall be achieved.

Any significant changes in design and/or quality of the material will render the approval invalid.
