

1-Component Adhesives and Sealants

Contact Cyanoacrylate Adhesives

Instructions for use

When using WEICON products, the physical, safety-related, toxicological and ecological data and regulations in our EC safety data sheets (www.weicon.com) must be observed.

Processing

Apply CA-Remover to the area that needs cleaning. After a few minutes of soaking in, the dissolved adhesive can be wiped off with a lint-free cloth. In case of stubborn soiling, repeat the procedure.

CA-Remover

Breaks down and removes all types of cyanoacrylate adhesives

WEICON CA-Remover reliably breaks down and removes all types of cyanoacrylate adhesives. The remover is suitable for cleaning metal parts, tools and many different surfaces that have come into contact with cyanoacrylate adhesives. After a few minutes of soaking in, the dissolved adhesive can be wiped off with a lint-free cloth. In case of stubborn soiling, repeat the procedure. Some plastics, coatings and sensitive surfaces may possibly be damaged by the CA-Remover. Therefore, the material compatibility of the surface should always be tested on a hidden area first. In contrast to other conventional solvents, WEICON CA-Remover is not highly flammable and has a high flash point of >120 °C.

Characteristics

Shelf life	12 mon.
Processing	
Viscosity	3 - 10 mPa⋅s
Gap bridging up to max.	mm mm
Thermal parameters	
Flashpoint	> 120

The specifications and recommendations given in this technical data sheet must not be seen as guaranteed product characteristics. They are based on our laboratory tests and on practical experience. Since individual application conditions are beyond our knowledge, control and responsibility, this information is provided without any obligation. We do guarantee the continuously high quality of our products. However, own adequate laboratory and practical tests to find out if the product in question meets the requested properties are recommended. A claim cannot be derived from them. The user bears the requested properties are recommended. A claim cannot be derived from them.
