www.tuv.com
ID: 9108636595

Dear customers and business partners,

Thank you for your interest in WEICON products and solutions.

Our catalogue offers you a comprehensive overview of our chemical products and stripping tools – more than 450 adhesives, sealants, technical sprays, high-performance assembly pastes, greases and special tools that can be used in all areas of industry and in a wide variety of applications and processes.

With us, you get everything from a single source!

Outstanding service

In addition to our products, our unique and first-class service is what distinguishes us. We provide support at all levels, including both on-site and online specialist advice, adhesive technology training courses, extensive advertising material in many languages or laboratory tests for our customers. Would you like to know more? Then contact us!

Whether on site, on the phone, via video conference or WhatsApp chat – we are always there for you, worldwide!

Finalist 2023

We were honoured as a finalist in a major award competition for medium-sized companies. We are very proud of this title, especially since it is rare for a company to receive an award on its first nomination. The jury of the “Große Preis des Mittelstandes 2023” analyses and assesses all areas of the participating businesses. This includes key economic data as well as measures to increase customer loyalty and to promote the development of employees, the public image of the company and sponsoring activities. Only businesses that show excellence in all areas over several years are honoured with an award. So we are heading in the right direction, and we are very happy about that.

As you can see, WEICON is always moving forward, but one thing is certain: we at WEICON believe in long-term connections!

Ann-Katrin Weidling

WE ARE WEICON

As a fourth-generation, family-owned business, WEICON continues to stand for quality, service and reliability.

All WEICON products are made to the highest quality standards. These standards are regularly tested, controlled and certified by renowned institutes around the world.

Another important and essential element of WEICON is the continuous training and growth of our staff.

Fast and individual service

- ▶ reaction time guaranteed (24h)
- ▶ trained specialists
- ▶ laboratory service
- ▶ individual solutions
- ▶ your personal contact person

Strong sales support

- ▶ visits to customers of the trading partners
- ▶ bonding tests and selection of adhesives
- ▶ individual product trainings
- ▶ label service
- ▶ application videos

Process-oriented organization

- ▶ certificate according to DIN EN ISO 9001:2015
- ▶ large range of products
- ▶ high product availability
- ▶ next day delivery
- ▶ online support
- ▶ certificates and safety data sheets

Worldwide sales network

- ▶ diversity of languages 30 languages worldwide
- ▶ ten branches
- ▶ over 1.200 trade partners worldwide
- ▶ over 40 exhibitions worldwide
- ▶ you find us and our products in 120 countries

WEICON Production

- ▶ speciality products for the industrial sector
- ▶ customisation of products according to individual requirements
- ▶ 250+ formulas for a wide range of chemical products
- ▶ collaboration with universities and research institutions

2-COMPONENT ADHESIVES AND SEALANTS
EPOXY RESIN SYSTEMS

PLASTIC METAL

- ▶ fast and durable repairs
- ▶ bonding
- ▶ coating
- ▶ casting

Coating an outer cylinder (pellet press)
WEICON Ceramic BL
WEICON GL

Repair of a four-way valve
WEICON A

Grouting of a crane rail system
WEICON CBC

- ▶ strong and durable bonding not only of identical materials, but also of a wide variety of different materials to each other
- ▶ extremely resistant to aggressive substances
- ▶ certified by DNV, ABS and ISEGA

Specific properties:

- ▶ high temperature resistance
- ▶ high abrasion resistance, impact strength or compressive strength
- ▶ texture: pasty, viscous or liquid, spreadable or sprayable
- ▶ filler: metal, ceramic or mineral
- ▶ anti-corrosive, antistatic or anti-stick coating
- ▶ flame-retardant

Repairs on flood gates
WEICON UW

Maintenance of a vibrating screen in mining
WEICON WP

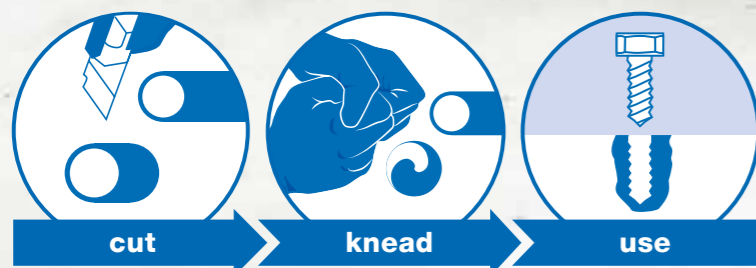

Coating of a steel roller
WEICON Ceramic BL

2-COMPONENT ADHESIVES
AND SEALANTS
EPOXY RESIN SYSTEMS

REPAIR STICKS

The **simple** solution for all repair and maintenance works.

WEICON Repair Sticks are temperature-resistant from -50°C (-58°F) up to +120°C (+248°F) (briefly up to +150°C/+302°F)*.

They are resistant to alcohol, ester, salt water, oils, most acids and lyes, free of solvents, and show almost zero cure shrinkage.

Repair Stick Titanium up to +300°C (+572°F)

Certified to NSF/ANSI 61

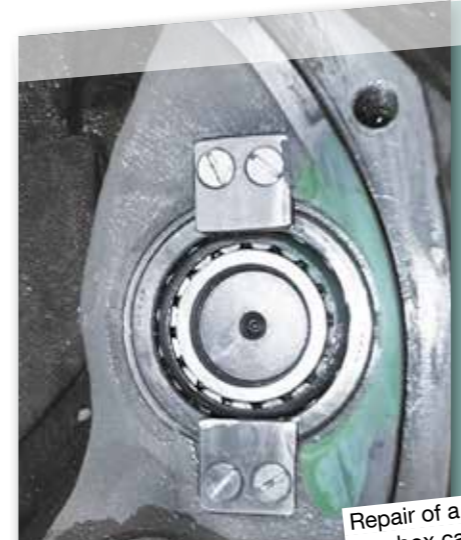

Underwater repair
Repair Stick Aqua

Repair of a pump
Repair Stick Steel

Repairs in food technology
Repair Stick Multi-Purpose

Repair of a gearbox casing
Epoxy Resin Putty

EPOXY RESIN SYSTEMS

EPOXY RESIN PUTTY

The kneadable **universal** repair compound

WEICON REPAIR KITS

WEICON Belt Repair-Kit and Belt Repair-Kit SF are 2-component polyurethane systems for the fast repair and coating of conveyor belts and rubber linings.

BELT REPAIR-KIT

for fast repairs in only 30 minutes

The Repair-Kit can be used in various industrial applications for the fast and easy repair of chemical, steam, process and water pipes.

PIPE REPAIR-KIT

MARINE EMERGENCY REPAIR KIT

2-COMPONENT ADHESIVES AND SEALANTS
EPOXY RESIN SYSTEMS

EPOXY ADHESIVES

▶ fast

▶ safe

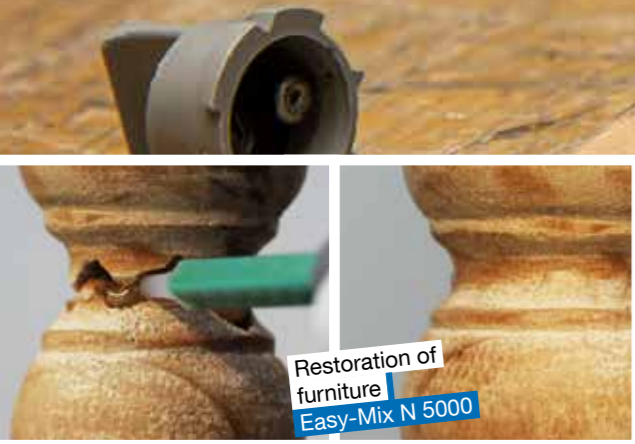

▶ economical

- ▶ high tensile and impact strength
- ▶ from simple repair and overhaul works to series applications
- ▶ considerable reductions in both weight and costs

The ideal adhesive for powdercoating
Easy-Mix HT 180

Restoration of furniture
Easy-Mix N 5000

Epoxy casting compound for electronic components
Easy-Mix S 50 yellow

WEICON Easy-Mix
Mixing and
Dosing System

Thanks to the modern mixing and dosing system, all types can be automatically dispensed cleanly and accurately, mixed and applied in just one single step.

ALSO AVAILABLE AS SET

2-COMPONENT ADHESIVES AND SEALANTS

POLYURETHANE SYSTEMS

URETHANE

45

60

80

85

85 SF

90 SF

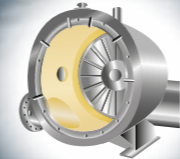

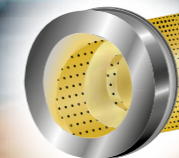

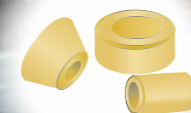

WEICON Urethanes are flexible casting and coating resins with high impact strength and abrasion resistance.

They cure at room temperature to tough, rubber-like materials and remain flexible at temperatures down to even -60°C (-76°F).

Repair of conveyor belts
Urethane 85

Casting junction boxes on outdoor floor lighting
Urethane 90 SF

EASY-MIX PU-90 PU-240 PU Crystal

High-strength, fast-curing 2-component structural adhesives based on polyurethane with excellent adhesion to a broad range of materials.

- fast, strong adhesion, reliable
- high tensile, shear and impact strength
- immediate adhesion even to vertical surfaces
- high initial strength

Gluing an aluminium pipe to a plastic front panel
PU-240

Production of plastic sandwich panels
PU-90

2-COMPONENT ADHESIVES AND SEALANTS

STRUCTURAL ACRYLIC ADHESIVES

- ▶ high-strength
- ▶ residual elasticity
- ▶ process-safe

RK-7000 to 7300

WEICON Easy Mix RK-7000 - 7300 are structural adhesives based on MMA (methyl methacrylate) with excellent adhesion to e.g. fibre composite materials, many plastics, metals and many other materials.

PLASTIC-BOND

WEICON Plastic-Bond is a solvent-free and highly viscous structural adhesive for the bonding of plastic parts.

PE-PP 50

Due to its transparent curing, WEICON Easy-Mix PE-PP 50 is especially suitable for creating visually appealing adhesive bonds. Thanks to its special formula, the adhesive is suitable for 0-gap bonds and for connecting surfaces with extremely small bonding gaps of less than 0,2 mm.

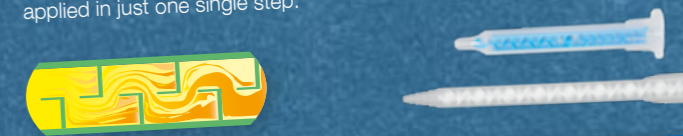

RK-1300/1500

WEICON RK-1300/RK-1500 Construction Adhesives are 2-component systems based on methacrylate, which cure fast at room temperature.

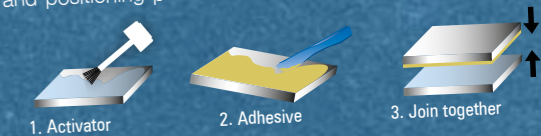

WEICON Easy-Mix Dosing System

Thanks to the modern mixing and dosing system, all types can be automatically dispensed cleanly and accurately, mixed and applied in just one single step.

WEICON "No-Mix" procedure

The WEICON "No-Mix" procedure is suited for manufacturing processes with staggered assembly and positioning processes and high cycle times during serial production.

Bonding a sleeve into a tank nozzle
RK-7000

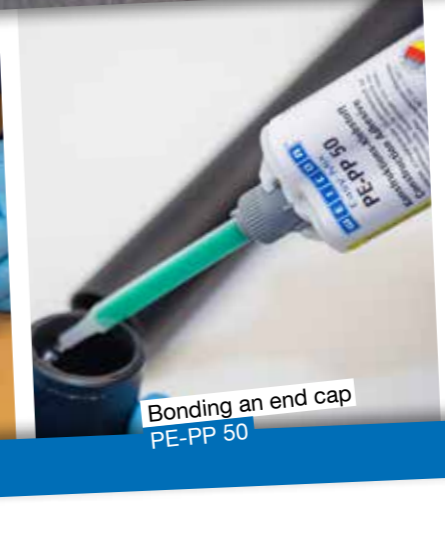

Bonding hard metal strips to a steel mounting
RK-7100

Repair of a light for the medical sector
RK-7300

Bonding plastic parts in model making
Plastic-Bond

Bonding an end cap
PE-PP 50

Bonding of angle bars
RK-1300

1-COMPONENT ADHESIVES AND SEALANTS

WEICONLOCK®

THREADLOCKING

- ▶ screws and nuts
- ▶ stud bolts

SEALING OF THREADED PIPES AND FITTINGS

- ▶ threaded connections
- ▶ hydraulic and pneumatic systems
- ▶ cooler and compressed air systems

RETAINING CYLINDRICAL ASSEMBLIES

- ▶ shaft / hub connections
- ▶ coupling hubs, pulleys, bearings
- ▶ cylindrical parts; slip-, press- or shrunk-fitted

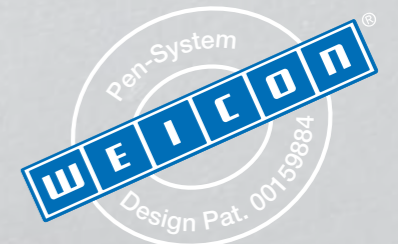

FLANGE SEALING, GASKETING

- ▶ flanges
- ▶ cases
- ▶ lids

WEICONLOCK® are one-component anaerobic adhesives and sealants, specially made for metal assembly parts. For different application areas, we offer our broad range of various types with different strengths and viscosities.

- ▶ threadlocking
- ▶ retaining
- ▶ sealing

WEICON DF 175 is a patented thread sealing cord made of 100% PTFE that seals almost all metal and plastic threads permanently and safely.

Threadlocking Varnish is a solvent-based, fast-drying securing and marking varnish with good adhesion to many materials.

Plast-o-Seal®: permanently plastic universal sealant | enabling immediate assembly

- ▶ for sealing the smoothly treated flanges of machine, gearbox and motor casing flanges
- ▶ to improve the performance of both old and new gaskets made of paper, cork, felt etc.
- ▶ solvent-free – odourless

WEICON Gasket Maker is a strong and permanently elastic special sealant that cures with air humidity and practically without shrinkage.

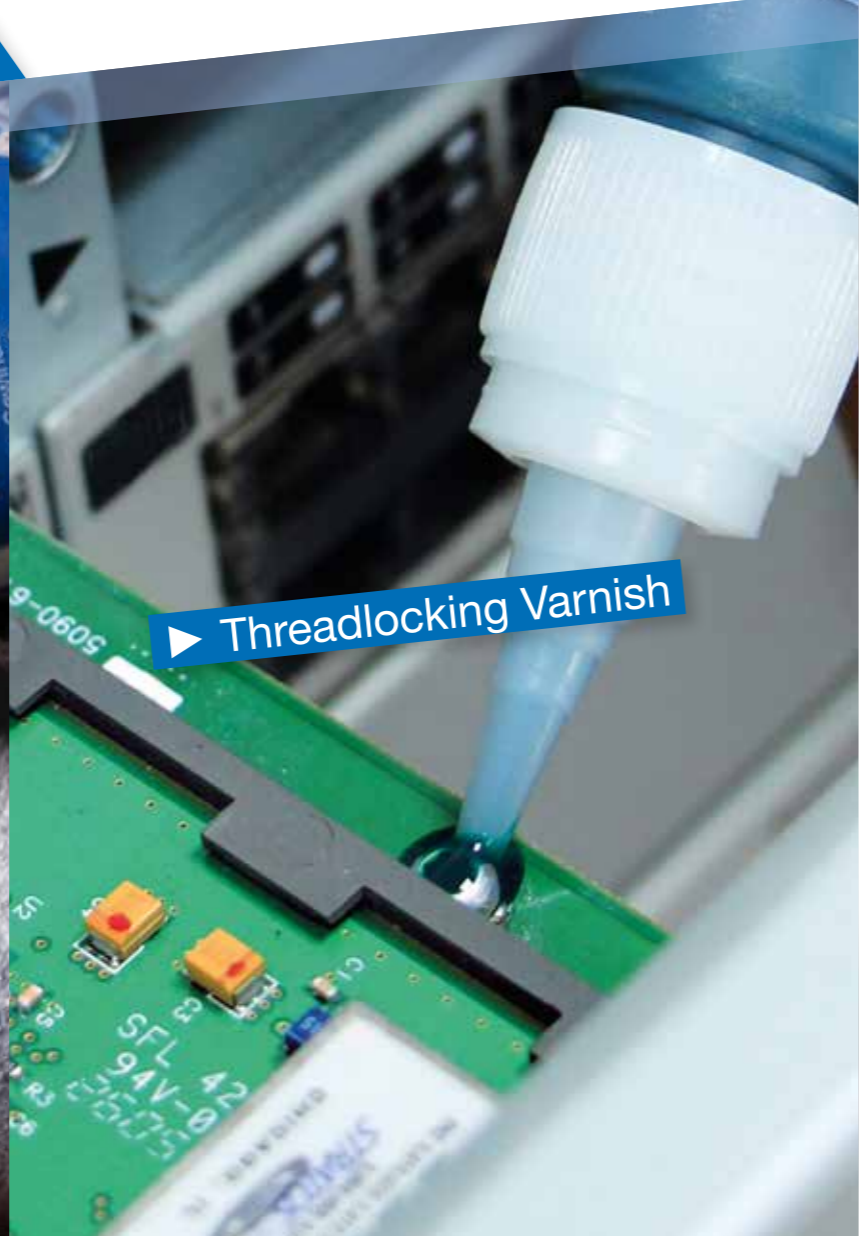

1-COMPONENT ADHESIVES AND SEALANTS
WEICON LOCK®

SUPPLEMENTARY PRODUCTS

▶ Thread Sealing Cord DF 175

100% PTFE

▶ Threadlocking Varnish

▶ Plast-o-Seal

▶ Gasket Maker

1-COMPONENT ADHESIVES AND SEALANTS

CYANOACRYLATE ADHESIVES

WEICON **Contact** are cold-curing one-component adhesives.

They bond within seconds almost all materials, such as metals, glass, wood, plastics, ceramics, leather and rubber.

▶ super fast

▶ economical

▶ versatile

▶ high-temperature-resistant

▶ high peel and impact resistance

1-COMPONENT ADHESIVES AND SEALANTS

ELASTIC ADHESIVES AND SEALANTS

Today, **elastic adhesives and sealants** are used in many areas of industrial production and assembly.

They combine the advantages of adhesive bonding and sealing technology and are used wherever the elasticity and the sealing of a joint are the most important requirements.

▶ strong adhesion

▶ permanent

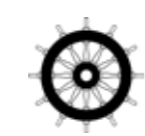

▶ paintable

Ergonomic dosing tip for WEICON Presspack products.

The optimised angle geometry ensures fatigue-free working even over longer periods of time. The two-way thread enables an application radius of 180°. Compatible with WEICON dosing tips and brush top.

INNOVATION
Ergo Connect for Presspack

MS-Polymers

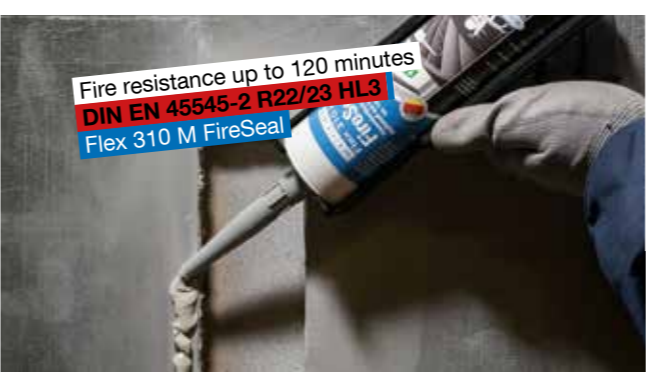

- ▶ strong adhesives and sealants for material-integrated joints of metals, plastics and many other substances
- ▶ high adhesive strength, even without the use of adhesive primers
- ▶ paintable ("wet on wet")
- ▶ free of silicone and isocyanates

Polyurethanes

- ▶ adhesives and sealants for a broad range of applications in the fields of metal and plastic processing
- ▶ paintable (after curing)
- ▶ sandable
- ▶ silicone-free
- ▶ odourless curing

Silicones

- ▶ high-quality sealants for industrial applications
- ▶ high resistance to UV radiation, weather conditions and substances
- ▶ resistant to ageing
- ▶ can be used in the temperature range up to + 300°C (+572°F)

TECH

NICAL

SPRAYS AND LIQUIDS

- ▶ eco-friendly
- ▶ economical
- ▶ effective

WEICON Technical Sprays and Liquids have been used successfully in all areas of production, repair, maintenance, and servicing for many years.

Products that will certainly solve a number of tasks and problems in your company as well.

Technical Sprays and Liquids for Sensitive Areas

With our selection of chemo-technical products with **food certifications**, we ensure that the right products are available to you meeting your exact requirements in terms of quality and safety for your production, maintenance and repair.

Surface and Anti-Corrosion Coating

Cleaners and Degreasers

Lubricating and Multifunctional Oils

Protection and Care

Adhesive Lubricants and Grease Sprays

Adhesive Sprays

Solvents and Release Agents

Assembly Sprays

Special Sprays and Liquids

ANTI SEIZE

ASSEMBLY PASTES

protection against:

- ▶ corrosion
- ▶ seizure
- ▶ wear

WEICON **Anti-Seize** provides protection against the following:

- ▶ corrosion – seizure – wear
- ▶ stick-slip phenomena
- ▶ oxidation and fretting corrosion
- ▶ electrolytic reactions ("cold welding")

ANTI-SEIZE
ANTI-SEIZE HIGH-TECH NSF
ANTI-SEIZE NICKEL
COPPER PASTE

for highly stressed parts
 even in high-temperature applications
 temperature resistance
 -180°C to +1.400°C

Adjustment screws in a steel mill
 Copper Paste

HIGH PERFORMANCE GREASES

ALLROUND LUBRICANT

WEICON Allround Lubricants provide long-lasting protection against friction and wear and thus enable:

- ▶ extremely long regreasing intervals
- ▶ increased dependability and value retention of machines and production plants
- ▶ reduction of maintenance and repair works
- ▶ improved economic efficiency

SILICONE GREASE

Silicone Grease is a special lubricant for valves, fittings and sealings.

WEICON TOOLS®

Member of the German Tool Industry Association

Since 1967, we have been developing, producing and distributing a broad range of wire stripping tools. This includes cable knives, wire strippers, dismantling, multi-functional and special tools. Our tools have been developed for accurate, fast and safe stripping of all common cable types. They carry the GS seal of TÜV Nord and were developed with regard to work safety aspects.

The tools are specifically tailored to the needs of professional users, are found in both skilled trades and industrial use, and are also suitable for domestic use.

Discover our WEICON TOOLS®

Quality and continuity “Made in Germany” INNOVATIVE AND RELIABLE!

Green Line®

Sustainable Stripping Tools

Together with a group of experts, we have developed the **WEICON TOOLS Green Line®**.

A tool range made of up to 97 % renewable raw materials, which is recyclable and has an excellent life cycle assessment.

97%
made from renewable resources

More information

In the development of our high-quality stripping tools, we have been working together with the company Krampe from Ascheberg-Herbern near Muenster since 1990.

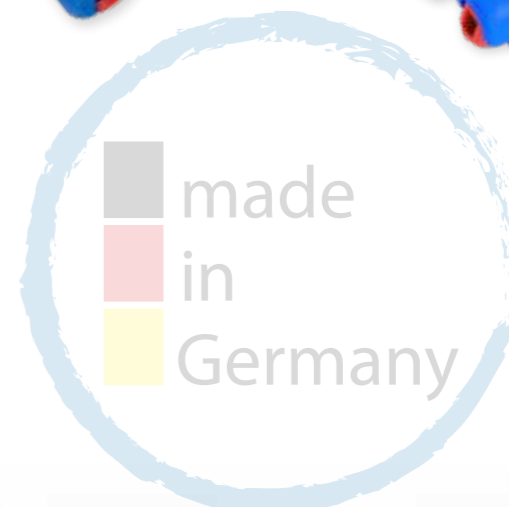

Our consistent key focus in the production process is on precision to ensure that the products we offer are always of exceptional quality.

Our products are made of high-quality materials, hold numerous certificates and are characterised by their outstanding functionality and durability.

Cable Strippers

WEICON TOOLS cable strippers were developed for reliable, precise, safe and quick stripping of many different cable types. The knives meet the maximum quality requirements and are suitable for use both in skilled trades and industry.

Our cable strippers are registered under patent EU.Pat.no. 1117163 for the working range of 4-28 mm.

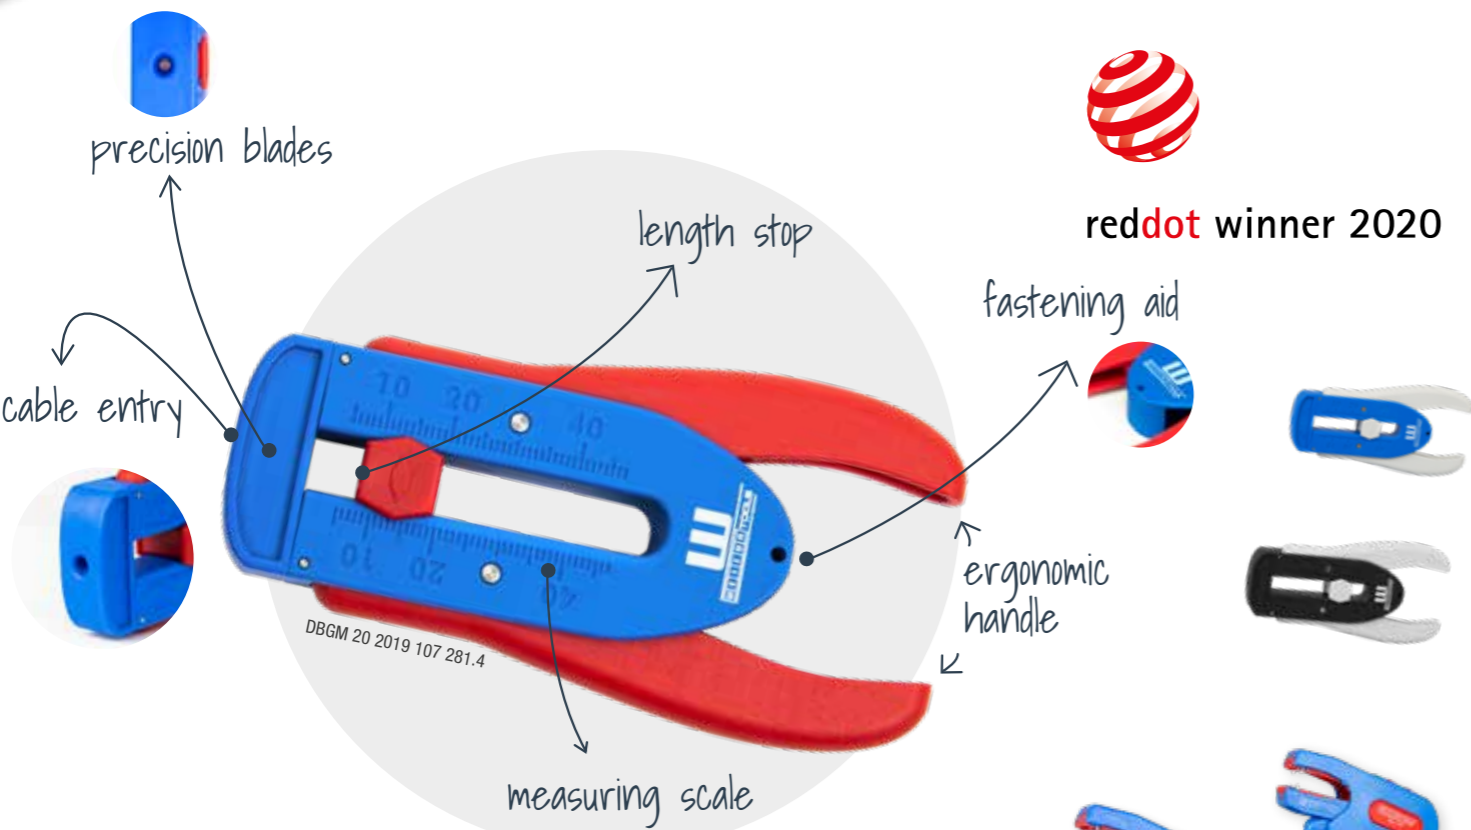

Multi-Purpose Strippers

WEICON TOOLS multi-purpose strippers provide various functions:

Circular and longitudinal stripping, dismantling and cutting.

They allow professional dismantling and cable stripping with just one tool.

Wire Strippers

Automatic wire strippers for all common stranded and solid conductors.

A scanning system adjusts automatically to the respective wire diameter, and thus allows fast and easy dismantling and stripping.

Stripping Tools

WEICON TOOLS stripping tools allow the safe and convenient stripping of a large number of different cable types.

The flexible tools can even be reliably used in hard-to-reach areas and always provide precise results.

Special Tools

For a series of unusual applications, we provide you with special tools which meet these requirements.

Whether it is the dismantling of large cable diameters, tools for the solar industry or working on high voltage cables, WEICON TOOLS has the solution!

Tool Sets

With our tool sets, we can offer solutions for almost all industries and different applications.
