No.1 in Form & Funktion

Multi CRIMPING TOOL

NEW

FAST MULTI CHANGE SYSTEM

MC multi-change system

- quick insertion and removal of the modules
- tool-free, reliable connection
- time-saving switching process
- MC multi-change system

High performance

- various modules made of high-quality steel (incl.)
  - interchangeable insert 102 for MC 4 plug 2.5/4/6 mm² AWG 14-10
  - interchangeable insert 101 for ferrules 0.25-6 mm² AWG 24-10
  - interchangeable insert 100 for insulated cable lugs from 0.25-2.5 mm² AWG 24-14

Design and ergonomics

- 2-component handle in “ice-crack design”
- maximum force transmission
- ergonomic and non-slip design
- excellent grip

Durable

- crimping force adjustable as needed which ensures a long service life
- precise eccentric setting for high crimping quality

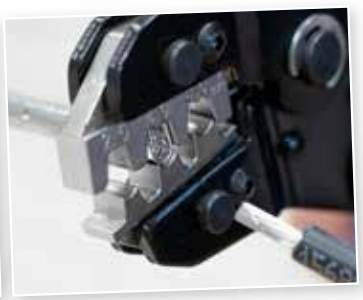

Precision and efficiency

- precise work thanks to ratchet mechanism with blocking device
- reduced physical effort necessary, makes work easy
- with emergency unlocking mechanism in the handle, if required
- precise and repeatable work for a consistently high crimping quality

Protection

- integrated eyelets for attaching a drop guard

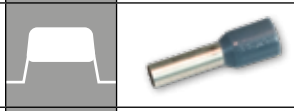

Storage

- safe storage of the modules in a box
- fast access to the modules
- dust-protected storage

Interchangeable inserts

100	0,25-2,5 mm² *24-14 AWG*
