

WEICON Compressed Air Cleaner

Cleaning hard-to-reach areas | universal application | fast and reliable

WEICON Compressed Air Cleaner is used to remove sand, dust, loose dirt particles and deposits from hard-to-reach areas of all types of firearms. In addition to removing dirt, the spray can be used to apply cleaning agents in a targeted manner and to dry moisture from surfaces. Cleaning with compressed air protects the surfaces and prevents scratches. The spray leaves no residue and is water-free. For very hard-to-reach areas, it is equipped with a flexible extension tube for precise application. The WEICON Compressed Air Cleaner is the ideal complement to other care products, such as WEICON Gun Cleaner and WEICON Gun Oil.
