SOLAR PV SET

Four specialised tools designed to help you install your photovoltaic system **efficiently** and **professionally**

Wire Stripper No. 5 Solar Pro

- ▶ automatic wire stripper for dismantling and stripping all common cables in the solar sector
- ▶ large, efficient working range from 1,5 to 10 mm²
- ▶ precise working thanks to adjustable length stop (5-25 mm)
- ▶ powerful integrated side cutter up to 3 mm Cu/AL
- ▶ ergonomically designed anti-slip multi-component handle

Crimping Tool MC4

- ▶ for all standard solar connectors MC4 | 2.5 / 4 / 6 mm²
- ▶ precise work thanks to ratchet mechanism with blocking device
- ▶ process-safe crimping – tool only opens after the crimping process
- ▶ emergency release in the handle (in the event of misuse)
- ▶ modular Multi Change System for quick module changes
- ▶ eccentric setting for adjusting the crimping force

Module

Module number
102

2,5/4/6 mm²
14-10 AWG

MC4 Solar Spanner

- ▶ universal tool for mounting solar panels with MC4 connections
- ▶ suitable for: MC4 connectors
- ▶ with integrated unlocking tool for solar connectors

Cable Scissors No. 35

- ▶ 2-component handles for increased safety
- ▶ high cutting performance
- ▶ blades made of special stainless steel

Note: Working with WEICON Stripping Tools is only permitted on zero-potential, non-current-carrying cables and conductors.
