Quadro Mixing Nozzle B

Quadro Mixing Nozzle B

Quadro Mixing Nozzle B has been specifically developed for two-component adhesive systems.

Its use supports quality assurance in bonding applications and ensures consistent, reproducible results. This is especially important in industrial series production.

The mixing nozzle enables the proper, high-quality production of bonded joints and contributes to improved bonding performance.

Thanks to the geometry of the mixing nozzle, which is precisely matched to the mixing ratio, the correct quantities of resin and hardener are always combined.

The use of the mixing nozzle ensures safe and clean operation and increases efficiency through a significant reduction in error-related costs.

Instructions for use

When using WEICON products, the physical, safety-related, toxicological and ecological data and regulations in our EC safety data sheets (www.weicon.com) must be observed.

Scope of delivery

Quadro Mixing Nozzle

Suitable for

Quadro Mixing Nozzle suitable for Easy-Mix RK-7300, PU 90, PU 240, PU Crystal, PE-PP 50.

Available sizes

10029793 Quadro Mixing Nozzle B, 1 PCE, grey

Characteristics

Material		plastic
Colour		grey
Length		9 cm
Mixing ratio		1:1 / 2:1
Mixing spirals		16
Tip type		Luer Slip Tip (L)
Minimum shelf life	at room temperature	∞ mon.

Approvals / Guidelines

MIL-Spec	complies with	-

Note
The specifications and recommendations given in this technical data sheet must not be seen as guaranteed product characteristics. They are based on our laboratory tests and on practical experience. Since individual application conditions are beyond our knowledge, control and responsibility, this information is provided without any obligation. We do guarantee the continuously high quality of our products. However, own adequate laboratory and practical tests to find out if the product in question meets the requested properties are recommended. A claim cannot be derived from them. The user bears the only responsibility for non-appropriate or other than specified applications.
