

Stripping Tools

Coax-Stripper No. 2 Green Line

With the Green Line, a very special tool range has been developed. The tools are made of up to 97 % renewable raw materials. The Green Line includes various cable strippers, wire strippers, and multifunctional stripping tools. WEICON Wire Strippers enable the fast, easy and even stripping of stranded and solid conductors. The wire stripper feature an ergonomic shape as well as an automatic scanning system, which identifies the cable diameter. This prevents damaging the inner conductor. The product family of wire strippers comprises several types, which are suitable for different applications and tailored to the users' individual needs. The wire strippers are used in skilled trades as well as in industrial applications, and they are also suitable for use in the domestic sector.

Handy and simple stripper with a precise cutting pattern for gradual stripping. The first sheath of the coaxial cable, for example, can be removed with the knife of the stripping tool on side A. With side B, the inner conductor is then stripped. The housing components are made of high-grade, wear-resistant polyamide. This tool can be used in skilled trades and various industries.

Technical Data

Cable type	coaxial cables, resp. antenna and transmission cables
Application range	NYM 3 x 0.75 mm ² , stranded cables 10 mm ² , 16 mm ²
Additional use	gradual stripping possible due to 2 different blade distances
Material	fibreglass-reinforced biopolymer such as polyamide
Inner blade	built-in, not replaceable
Approval / certificate	safety tested by TÜV NORD
Weight	28 g
Length	110 mm
Article number	10062004

Attention:
Tool not to be used on live cables or conductors.
